Nurse Navigator Discussion – See attachment. No action at this time. Will re-evaluate in September. **Amended and approved on June 2, 2025 meeting. A motion was made by Drew Bono and seconded by Joel Johnson and approved unanimously. The approval includes a caveat: we will evaluate the program's progress in addressing the identified issues. A decision on whether to continue the program into 2026 and beyond will be made later this year. Sno911 will include funding for the program in the 2026 budget.

ODA Update – Chad Crandall

Chief Crandall presented to the group and requested for a response in September. The training officers endorsed the ODA at the last meeting. The committee will finalize the details and have them ready for the September meeting. The general consensus was that the Training Officers Association should host the class. They will return with a proposal.

SCEMSA Update – Scott Dorsey

They had their first board meeting on April 13. It went well. Director Dorsey reminded everyone to please pay your invoice that was sent out.

JOG Update – Chief Chalfant

They had their kickoff meeting on April 16, 2025. They discussed regional traffic issues, mitigation of large-scale incidents and they will now be expanding in to our area. They went over high-level information of upcoming construction projects. There will be a special log in so they can check on incidents in real time in the Seattle area only at this time. They will be expanding it to Snohomish County sometime in the future. Future meetings will be now be held at 3pm to avoid conflicts with Fire Tac.

F. New Business
